

Intention #1

Radius 150

Our intention is to use food resources within a radius of 150 miles. Our partnerships with local farms and suppliers support the growth and availability of fresh whole foods—raised, grown and harvested sustainably— positively impacting our health and supporting our local economy.

- Local and seasonal produce harvested within 150 mile radius
- Campus Harvest Program
- Edible landscaping from ASU
- Dates, Seville oranges, prickly pear, sapotes, herbs, seasonal produce, etc
- Fair Trade Coffee from Java City EcoGrounds
- Cage-free eggs and chicken
- Seafood purchases aligned with Monterey Bay Sustainable Seafood WATCH
- Guidelines to make responsible seafood purchases based on population health and practices of fishing and aquaculture
